To Whom It May Concern,

I have known Brady Campbell for 5 years and have been his coach during his high school baseball career with Basha High School.

Brady brings an exciting skill set to our team. He has a plus arm along with good fundamentals on the infield. He runs the bases well and hits for average to all three fields. His versatility on defense makes him an asset to any program. He can play 3b, SS, 2b, OF and pitch. His skills on the baseball field translate to the next level and he's only getting better by the day.

Brady's effort and attitude are nothing short of excellent. He is the type of player EVERY coach in America wants to coach. He is beloved by his teammates and his leadership/competitiveness are off the charts. Our coaching staff believes that Brady would be a steal for any college program that is lucky enough to get him.
